Cypress Pine Posts

Timber fencing is a timeless choice for properties, offering both functionality and aesthetic appeal. At Auswood Timber & Hardware, we provide top-quality fencing materials that ensure durability and style. From classic designs to modern solutions, our timber fencing products are built to withstand Melbourne's weather conditions, offering long-lasting performance.

Timber Fencing

For projects requiring strength and reliability, our structural hardwood products are second to none. Perfect for load-bearing structures, these timbers are sourced from sustainable suppliers and meet Australian standards for quality. Ideal for framing, beams, and other construction needs, our structural hardwood ensures your projects are built to last.

<u>Structural Hardwood</u>

Merbau decking is a popular choice for outdoor spaces, known for its rich reddishbrown hue and exceptional durability. **Resistant to termites and weathering, it** provides a long-lasting, natural aesthetic. Ideal for patios, pool areas, or garden walkways, Merbau decking adds warmth and sophistication to any outdoor living environment.

Merbau Decking

Create a charming and secure fence with our range of fence pickets. Available in various sizes and designs, our pickets are perfect for both traditional and contemporary fencing styles. They are crafted for durability and treated to resist weathering, ensuring your fence looks great for years to come.

Elevate your home's curb appeal with premium entrance doors. Crafted for durability and style, our doors combine security and sophistication. Choose from modern, classic, or custom designs to match your aesthetic. Built with high-quality materials, they offer insulation, energy efficiency, and lasting performance. Redefine your home's first impression today.

Entrance Doors

Treated pine decking is a cost-effective and durable solution for outdoor spaces. At Auswood Timber & Hardware, we offer treated pine that is resistant to rot, decay, and termites, ensuring longevity in Melbourne's diverse climate. Its lightweight and versatile properties make it a popular choice for decking projects.

Treated Pine Decking
